

Master of Education Program - Concentration in English Education

MED-EDUC-ENGL | programcodes

Valley City State University has designed this concentration for teachers of English wishing to pursue a master's degree. The curriculum is structured around a set of core requirements that provide a broad foundation in education, research, and technology.

Curriculum in this concentration is designed to help secondary school educators become more effective users of technology in the English classroom and enhance the learning experience for their students. The coursework can also apply in situations where states require an advanced degree with a focus on a specific content area.

Course Rotation
