As Chief Academic Officer of Valley City State University, the Vice President for Academic Affairs is responsible for fostering, encouraging, supporting and implementing academic strategies that advance student learning. Duties of the Vice President for Academic Affairs include overall responsibility for the curriculum, the academic budget, faculty and academic support staff, academic policy, and grants, while promoting an environment of innovation, entrepreneurship and customized learning.

The VPAA reports to the President and leads a team of department chairs, program directors, faculty and student leaders toward achieving the goals of teaching and learning in the digital environment.

Information in this section provides policies and guidelines concerning registration, grading, advising, and other items related to your student status at VCSU. For additional information, feel free to contact the Academic Affairs Office.
