The focus of study in the Department of Social Science is humanity in its broadest dimensions, specifically those highly developed human capabilities of communication and social organization. The general goals of the department are:

1. To help all students achieve a better understanding of the common cultural heritage, beliefs, and values through study of the humanities;
2. To promote an understanding of social organization and interactions through the study of history, the social sciences, and psychology; and
3. To promote global awareness and appreciation of diverse cultures through the study of world cultures, history and geography and to provide opportunities to study in other countries.
