# **Business Administration - Agribusiness Concentration**

# **About this Composite Major**

Agribusiness management students study accounting, management, finance, and marketing, and learn how to apply this knowledge to production and decision-making processes across a wide variety of organizations in the agribusiness industry.

# **Career Opportunities**

Employment opportunities continue to be strong in this sector with many areas experiencing shortages of qualified employees. Career opportunities vary widely. Students find paths that can include:

- Ag Lending
- · Ag Finance
- Accounting
- · Crop and/or Livestock Producer
- · Farm Management
- · Grain and/or Livestock Buyer
- · Manufacturing Manager
- Market Analyst
- Program Specialist
- Sales Manager

### **Get Involved in your Major**

Business Club is just one way to get involved in your major. The goal of the club is to provide opportunities for students to develop the skills, abilities, and leadership qualities necessary to enter and be successful in the workplace. This organization allows business students to network and focus their time and energy on activities that will enhance their educational experiences and better prepare them for the

job market. Students are also encouraged to participate in business-related competitions and attend guest lectures.

#### **Meet a Student**

"Agriculture is one of the quickest growing industries and isn't slowing down anytime soon. The Ag Business program at VCSU has given me the tools I need to make important business decisions both on and off the farm." - Braylen Bruns, Valley City, N.D.

"Attending VCSU was one of the best decisions of my life. It truly helped me grow as a person and led me to where I am today. I met so many great people there and made so many memories. It is amazing how much it feels like home and how you get to know everyone. VCSU is blessed with amazing professors who truly care about you as a person and want you to succeed. They are able to teach you valuable skills that are truly useful and applicable in the "real world." VCSU will always be in my heart and I can't wait to visit often. Go Vikes!" - Bradyn Sand, '20

# **Practical Experience**

Students are encouraged to earn credits by extending their learning beyond the classroom. Job shadowing opportunities exist that allow students to observe the performance of employees in careers related to their area of study. Students will have the opportunity to participate in tours, workshops, fairs, and conferences.

An internship or business practicum is a valuable learning experience that can enhance the student's educational experience. These hands-on learning opportunities allow students to apply knowledge to real-world situations, gain opportunities to network, and may lead to job offers. The business practicum includes a student led business incubator and a volunteer tax preparation site. Area businesses and organizations that have offered internships to VCSU students include Arthur Companies Inc., The ARC Group, Bank Forward, Centrol Ag Consulting, Columbia Grain, Dakotah Bank, Doosan Bobcat, John Deere Seeding Group, Larson Grain, Nutrien Ag Solutions, Riverton Research Inc., USDA Farm Service Agency, Valley Plains Equipment, and Wold Engineering.
