Get Involved in your Major

Business Club: There are many ways to get involved in your major. Among other things, you can participate in competitions, attend guest lectures, or join the business club. The goal of the club is to provide opportunities for students to develop the skills, abilities, and leadership qualities necessary to enter and be successful in the workplace. This organization allows business students to network and focus their time and energy on activities that will enhance their educational experiences and better prepare them for the job market.

Practical Experience

Students are encouraged to earn credits by extending their learning beyond the classroom. Job shadowing opportunities exist that allow students to observe the performance of employees in careers related to their area of study. Students will have the opportunity to participate in tours, workshops, fairs, and conferences.

An internship or business practicum is a valuable learning experience that can enhance the student's educational experience. These hands-on learning opportunities allow students to apply knowledge to real-world situations, gain opportunities to network and may lead to career job offers. The business practicum includes a student-led business incubator and a volunteer tax preparation site. Area businesses and organizations that have offered internships to VCSU students include Arthur Companies Inc., The ARC Group, Bank Forward, Centrol Ag Consulting, Columbia Grain, Dakota Bank, Doosan Bobcat, John Deere Seeding Group, Larson Grain, Nutrien Ag Solutions, Riverton Research Inc.,
