

## Music Education K-12

### About this Composite Major

The BS in Music Education degree program at VCSU is designed to give students the skills needed to be a successful 21st-century music teacher. Students learn performance skills on their primary instrument while gaining practical experience in conducting and leading a traditional ensemble. In addition, students gain experience in the modern world of music, including recording and production, integrating jazz and popular music in the curriculum, and experimenting with current technology and teaching trends in music. The music education degree is offered in a combined track, providing experience in both choral and instrumental education. The BS in Music Education leads to K-12 Music certification in the state of North Dakota.

### Meet a Student

I love the people that I get to work with. I get to learn from my classmates as well as my professors because our classes allow for so much collaboration. I play horn in the

Wind Ensemble and Concert Band. I play bass drum in our drumline. I have sung in the VCSU Concert Choir. - Rachel Baker, French horn player and Music Education major

*"Valley City State University was the perfect environment to learn about teacher education for the music classroom. The combination of small classroom sizes and close faculty-student relationships allowed me to grow as a teacher through the faculty's great experience."* —Brad Lambrecht '05, Lisbon, N.D.; orchestra and music director, Alexandria (Minn.) Public Schools
