

Spanish Education

About this Composite Major

The Spanish Education degree involves the completion of three specific components:

- the General Education Core required of all VCSU graduates;
- a mix of required and elective courses in the major, including travel abroad, that helps students reach cultural and language fluency;
- and courses in the Professional Education Sequence which prepare students for both the certification exams required for teacher licensure and for the demands of their future classrooms.

Students work closely with Spanish faculty to determine which General Education courses best fit their interests and future plans, as well as which electives might suit them best term by term. Our program is designed specifically to help students find the right mix of courses for both their present desires and future needs, all with the help of an advisor who thoroughly knows the language and the program.

Travel Abroad

Travel abroad terms immerse future graduates in the social, civic, and academic life internationally. These travel opportunities are a significant value-added component of the major. Studying Spanish is fun, demanding, and rewarding,

and VCSU faculty are committed to helping our majors fully reap the benefits of their study.

Career Opportunities

Obviously, most Spanish Education students aim to teach. However, since Spanish Education majors develop strong critical thinking skills in the process of achieving fluency in the language, the degree can also be used in a variety of occupations involving close work with Spanish-speaking populations, including:

- Journalism
- Law
- Medicine
- Counseling
- Social work
- Human services
- Advertising
- Marketing
- Management positions
- Government
- Translation work
