

Spanish

About this Major

The Spanish degree involves the completion of three specific components:

- the General Education Core required of all VCSU graduates;
- a mix of required and elective courses in the major, including travel abroad, that helps students reach cultural and language fluency;
- and a minor in a related area of the student's choice.

Students work closely with Spanish faculty to determine which General Education courses best fit their interests and future plans, as well as which electives might suit them best term by term. This program is designed specifically to help students find the right mix of courses for both their present desires and future needs, all with the help of an advisor who thoroughly knows the language and the program.

Career Opportunities

Since Spanish majors develop strong critical thinking skills in the process of achieving fluency in the language, the degree can be used in a variety of occupations involving close work with Spanish-speaking populations, including:

- Journalism
- Law
- Medicine
- Counseling
- Social work
- Human services
- Advertising

- Marketing
- Management positions
- Government
- Translation work

Travel Abroad

Travel abroad terms immerse future graduates in the social, civic, and academic life internationally. These trips are a huge value-added component of the Spanish major. VCSU has a Global Exploration club that has made numerous trips abroad. These trips allow students to work on their language skills, expand their cultural understanding, and volunteer. In short, studying Spanish is fun, demanding, and rewarding, and we're committed to helping our majors fully reap the benefits of their labor.
